Mobile, Ala.

Current GDP: \$13.5 billion
End of 2010: \$14.5 billion (projected)
Unemployment: 8.5%

This Gulf Coast region has seen job growth in mining, natural resources, transportation and utilities. With unemployment above 8%, the recession can be felt, but that didn't stop Mobile from making Forbes' list of the best medium-sized cities for jobs. (See "Best Mid-Sized Cities for Jobs.")
